

Welcome to Transitional Kindergarten!

Dear Families:

July 31, 2021

We are so excited to welcome your child to the transitional kindergarten program here at STEAM Academy at River Islands! The first years of school are full of wonder and discovery. Children grow and change quickly as they take their initial steps toward becoming confident, capable lifelong learners. We look forward to being a part of your child's educational journey as we work to provide a successful and joyous TK experience for every student.

This school year your child will have the opportunity to learn, play and interact with others. Many of the educational activities in TK involve hands-on projects and experiences. Your child will create art, play music, conduct science experiments and participate in many other engaging activities.

We have attached a list of supplies that we hope you can contribute to the classroom to help make it possible for us to provide hands-on learning experiences. If you are unable to provide these materials at this time, just let your child's teacher know.

Thank you for your help! We are looking forward to meeting you and your child.

Sincerely,

Melissa Crew
Lauren Koertzen
